

> you are free
 > to run the program, for any purpose.
 > to study how the program works,
 and adapt it to your needs.
 > to redistribute copies so you can help your neighbor.
 > to improve the program, and release your improvements
 to the public, so that the whole community benefits.

debian

GNU/Linux 5.0 "Lenny"

multi-arch CD (Alpha,
HP/PA and IA-64)

Debian GNU/Linux 5.0 "Lenny" is dedicated to Thienno
 Seufer, a Debian Developer who died on December 26th,
 2008.
<http://www.debian.org>

Dedication

With the integration of X.Org 7.3 the X server auto-
 configures itself with most hardware. Newly introduced
 packages allow the full support of NTFS filesystems and
 the use of most multimedia keys out of the box. Over
 13400 software packages have been updated (this is 72% of
 all packages in the predecessor "Etch").

Debian GNU/Linux 5.0 "Lenny" includes software packages, such as KDE 3.5.10, an updated version of
 GNOME 2.22.2, Xfce 4.4.2, LXDE 0.3.2.1, the GNUstep desktop 7.3, X.Org 7.3, Open-Office.org 2.4.1,
 GIMP 2.4.7, Iceweasel 3.0.6, Icedove 2.0.0.19, PostgreSQL 8.3.6, MySQL 5.0.51a, GNU Compiler Collec-
 tion 4.3.2, Linux kernel version 2.6.26, Apache 3.2.5, Samba 3.2.5, Python 2.5.2 and 2.4.6, Perl 5.10.0, PHP
 5.2.6, Asterisk 1.4.21.2, Emacs 22, Inkscape 0.46, Nagios 3.06, Xen Hypervisor 3.2.1 (dom0 as well as
 domU support), OpenJDK 6b11, and more than 23000 other ready-to-use software packages.

About this release

The Debian project's key strengths are its volunteer base, its dedication to the
 Debian Social Contract, and its commitment to provide the best operating
 system possible. Debian 5.0 is another important step in that direction.

About Debian

Debian GNU/Linux is a free operating system, developed by more than a
 thousand volunteers from all over the world who collaborate via the
 Internet. Debian's dedication to Free Software, its non-profit nature, and its
 open development model make it unique among GNU/Linux distributions.
